RD Comments
The prettiest leg on the course over mostly gravel roads. Be sure to look left over the valley floor. Big stream crossing at end of leg with a guide rope available. Be sure to have your teammates bring you dry shoes.

Notes

- Safety light rules in effect
- Very rural part of course with little to no traffic
- Cars park below Transfer Point with next runners walking up to exchange
- Separate car route for this leg. Absolutely no team cars on Upper River Road.
